Hey!
Who are you? I don't remember you at all.
Ah, right.
Rather than my face, your eyes went straight to my chest, didn't they?
You stupid pervert.
It's been a while, you invisible rascal!
Second Break
Kirumi Kiri

じ～っ・・・
Hey! It's embarrassing when you stare at them so much!
I see your personality is just as bad as ever.
What? But I'm a pervert, aren't I?
Have you made any friends?
Sure, about a hundred.
Even though there should only be 100 people in 5 classes of 20 in this faculty...
Well, have you made any friends?
Of course, thanks to my good looks.
Shaddup.

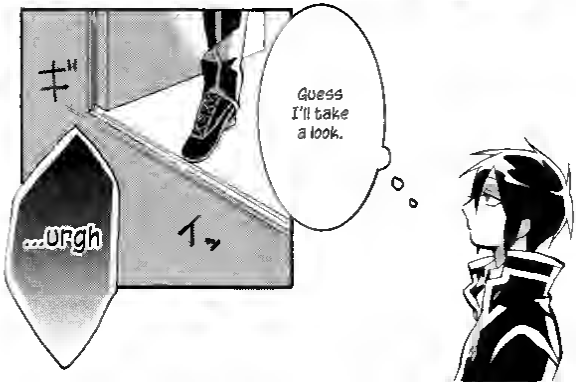
Third Break
The Girl's Weakness
You have 3 hours remaining.
The girl's weakness is water. If you spray it on her, she should be scalded.

Second Period
Learn the layout of the girl's labyrinth.
As you learned second period, the diseased girl will be in the girls' toilets on the basement 8th floor.
Makse sure to double check the map that you should have on-hand
- Third Break -
Mizuiro Gunjou



Guess I'll take a look.
...urgh
I'll fall behind if I don't know the layout of the girls' toilets— Now wouldn't that be a stupid development

Uuuu rgh... Bla- rghhh- hh...
...hah
Hah
For me to get this agitated
I'm totally fine.
I'm okay.
I can do it just like all the other times.
Without me
or any of my com- rades dying,
I will kill that dis- eased girl!!

sfx: squeeze
Papa and Mama are expecting so much of me ..
So I have to do this...
If I can't win, I'm completely worthless.
All right,
let's go!
sfx: sharp exhale
...a genius.
I'm a genius.
I'm sponsored by 7 different corporations.

Once again, I'll be perfect going through the labyrinth...
Because I'm a genius!!
ニヤ

So that's the self-proclaimed genius—
Mizuiro Gunjou
...Hey. Those were some really flashy lies back there,

Vomit girl.

!!?
Wh--, w-w-w-, what are you doing here!!?

What are you doing eeves-dropping outside the girls' toilets!!
You per-vert!!
Ha-haha, I've heard that a lot today.
But getting aroused at the sound of a woman spewing is a little...
I don't have such high-class interests.
sfx: relief
...H~, How much did you hear?
Hear what?
What I was saying to myself in the toilet...
Huh?
Talking to yourself? You were?
Ah...
So you didn't hear...?
Nope. Didn't hear a thing.

It's so, so scary, but you have to live up to Mama and Papa's expectations or whatever.
Nope, didn't hear any of that.

sfx swish
sfx clink
OCEAN LUNAR RING SWITCH!
I'LL KILL YOU, BAS-TARD!

I see, water magic. The diseased girl this time is supposed to be
Weak against water, so that magic's pretty good.
Hurry up and activate your Headphone Fuzz too!
I'll teach you what happens when someone messes with me!!
But I don't wanna be taught.
sfx swish
Hey!! You'd better start taking me seriously, or else!!!

sfx mss
パラッ
You won't hit me?
sfx crumble

Ah, I get it!
You suck at magic, so you missed.
That's....
Huh? Weren't you going to kill me?
Are you stupid!? A hit from that could kill you!!
Of course noooo ooot!!!!
Hey, vomit girl,

Why my first name!? I'll destr-
So anyway,
Gunjou then
Call me that again and I'll separate your head from the rest of your body.
Why are you going to the labyrinth?
Huh?
sfx dissipate
If that's the case, then there are any number of ways to be happy.
Why bother going down to that shitty place filled with death?
If you're scared enough to throw up, you should stop.
You're the daughter of a rich family, right?

That's none of your business.
Whatever, just don't interfere!
I'm not!
Anyway, a second-rate average person like you shouldn't get in the way of my genius!
Hey, Gunjou.
I just told you not to call me by my first na-
If it's okay with you, should I protect you?
. Eh?

There's no need for a girl to carry such a burden all by herself.
I'll take your place in everything.
I will protect you.
...Wh-,
W-
W-W-W-
what are you saying?
Ah, uhm,
that is..

So, will you pay me?
Huh?
By the way, it looks like Shiro will pay me 6 million.
If you can cough up 10 million or more, then I'll gladly become your knight instead.

Seeing as you're scared enough to spew,
10 Million is pocket ch-
spit smack

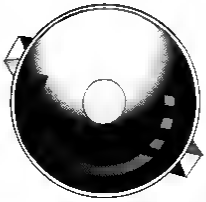
Shut it, dick-head.
that hurt, so my help will now cost you
12 million
Hmm,
Negotiations have broken down? Are you okay with me helping Shiro?
If I help your opponent, you might lose, you know?
Cut the crap. Just who the hell do you think I am, outsider?
A worthless vomit girl?
sfx steps

I still think that you need me.
I don't need someone like you.
Well, if your feelings change halfway through-
They won't change!! I'll show you inside the labyrinth.
A genius of my caliber would never need help from the likes of you!
sfx beeeep
Hey! Quit following me!!
Even if you say that, we're headed to the same classroom.
If we return together, won't people think we've been doing stuff together!?
Like vomiting, getting seen and stuff?
Urgh... I-I... I'll definitely kill you after this!
Ha-ha

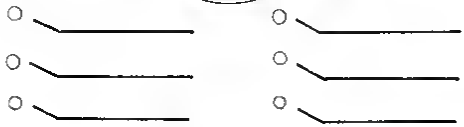
All right, I've got your money.
With this, you're on my team, as promised.
Fifth Period
Form Strike Teams to Invade the Girl's Labyrinth
So, I'll introduce you to the others.
They will be our team when we enter the labyrinth.

and Endou Yosuke.
Yuyami Himi
What's the Headphone Fuzz con-figuration?
Himi is Total Support Style.
Yosuke is Total Defense Style.
And me,
What?
I am Total Special Attack Style!

Basically, you can only use 6 different types of magic.



Within Headphone Fuzz, you can only hold up to 6 different magical incantations.



「2x Attack
2x Defense
2x Support」
(Balance Style)

So, usually—

For example, if you use up all 6 slots on attack-type magic, you become unable to use defense-type magic.

「3x Attack
2x Defense
1x Support」
(Combat-Oriented Style)

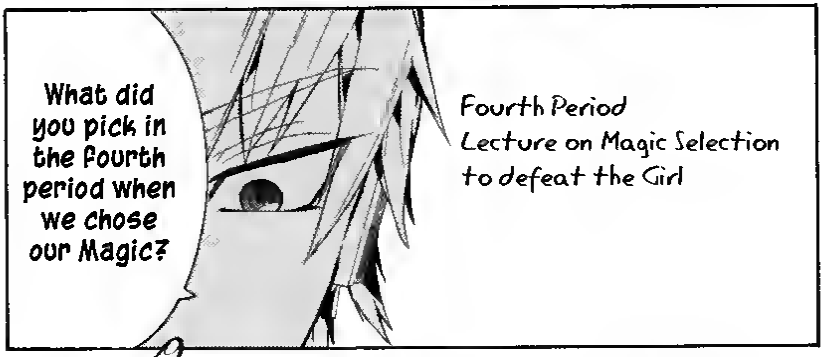
—are the Styles that people opt for when thinking about balance

※ Total Support Style: 0x Attack 0x Defense 6x Support
Total Defense Style: 0x Attack 6x Defense 0x Support

Forming teams gives you a wider range of available fighting abilities than going solo, so you are able to cope with irregular situations.

That's why comrades are necessary.

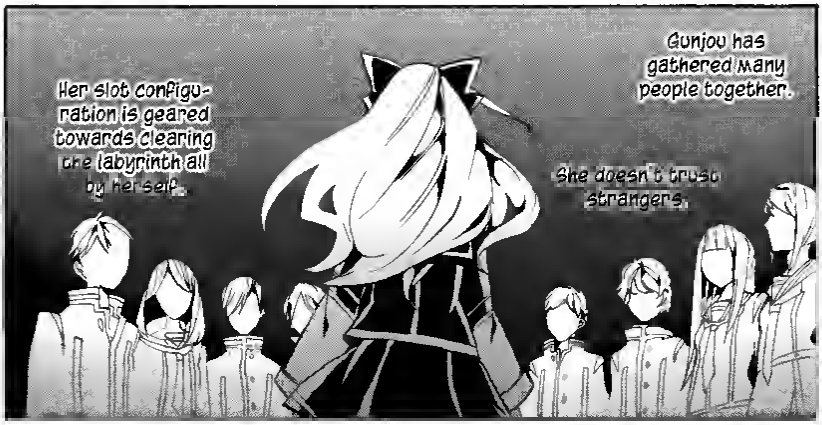
Well, I'm really specialized,
so it's fine to think of it as a Total Attack Style.
Now, as for you. If possible, make adjustments for a complete Balance Style



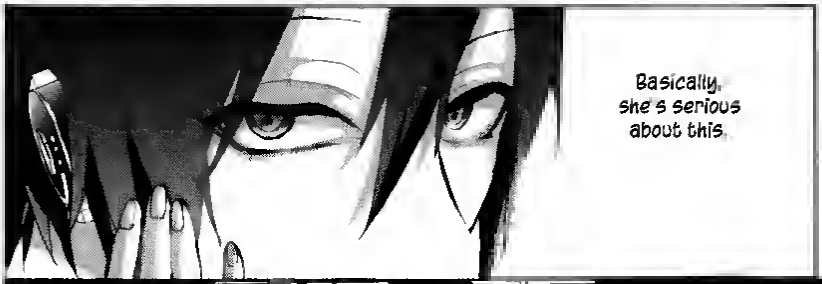
What did you pick in the Fourth period when we chose our Magic?
Fourth Period
Lecture on Magic Selection
to defeat the Girl

I picked well, I guess.
Balance Style?
Yep
All right!
sfx: snaps fingers
Then this time we can win against Gunjou.

Me.
Right
sfx: glance
It's the truth!
Well, that's Pine.
Hey, Shiro?
Yeah?
Between you and Gunjou, who is superior?
So, what slot configuration is she using?
I don't get what she's up to this time, but
it looked like an Attack-specialized Balance Style
I see. 3x Attack 2x Defense 1x Support?
Swap, Defense, and Support.
Ahh, okay. I've got a good feeling about that



Her slot configuration is geared towards clearing the labyrinth all by herself.
Gunjou has gathered many people together.
She doesn't trust strangers.



Basically, she's serious about this.

Serious enough
to throw up
from anxiety.

The opposite of Shiro, who has complete trust in his friends.
In this peaceful Japan,
I don't know if such a thing as humans killing other humans... still exists, but
What if your friends stabbed you in the back...
Is he just really naive?
Because that possibility exists, nobody is stupid enough to fill all six slots with one type of magic.
Or maybe he's forced to do this for some reason...
What's up?

What?
I was wondering if you're an idiot or have special circumstances or something.
sfx: whumpung
Nothing. Looks like it's finally about to start.
The real thing.

Are you all ready?
sfx smack
Settle down! Fifth period is almost over!
We'll use the remaining time to move out to the site!
sfx clatter
Ha! Just who do you think I am?
Liar.
You're so nervous you were puking your guts out just now.
I'M the genius, Mizuiro Gunjou, aren't I?
I was born ready!

Okay, let's go!
This time, we win.
sfx clap
sfx clap
I-
I'll do my best!
Let's do this!
You too!

It's a friendship formed by money, but regardless, comrades are comrades.
I look forward to working with you.
...You can't possibly want me to high-five you.
Sure do.
I can't for religious reasons.
That's such a lie.
Okay, let's go, everybody!
Leave the classroom and get on the helicopters!

We're going to kill the girl and save the world!!
